

pulsart media  
session & print pricing  
**Children, Senior,  
Family & Engagement**

With pulsart media, you'll have a minimum \$300 investment into your experience with a \$100 session fee and a minimum \$200 print order, but we've got money saving packages to help get you there.

**Here's how it all breaks down:**

**Step 1: The Session - Session fee: \$100**

This is a 1 to 1.5 hour session with 2 outfits and includes either indoor or outdoor pictures or a mixture of the two.

**Step 2: The Selection**

Within a week of your session, we'll meet again to hand pick your pictures to be printed. If you prefer, for an additional charge, we can post the images online so you can view them, share them with friends and family, and have your order ready when we meet.

**Bonus:** unlike others, we do not limit the amount of pictures to choose from. We show you everything and narrow it down from there.

**Step 3: The Order - Minimum \$200**

Every printed photo is treated like a work of art - fully retouched, color corrected and printed at a pro lab. Pricing varies on size, type, etc., but here is a general idea of pricing:

Wallets (same pose) includes name and year:  
(8) \$40, (16) \$50, (24) \$60, (48) \$80, (96) \$100
